PROFESSIONAL SUMMARY

Motivated Engineering Student specializing in Artificial Intelligence and Machine Learning, seeking opportunities to apply technical knowledge and problem-solving skills in real-time projects. Eager to contribute to organizational goals while gaining practical experience.

EDUCATION

B.Tech (CSE-AIML)	KKR & KSR Institute of Technology and Sciences	2023-27	**7.58 CGPA**
Intermediate (12th)	Bhashyam Titantic Junior College	2021-23	**95.0%**
SSC (10th)	Oxford School	2020	**99.0%**

TECHNICAL SKILLS

Programming: Java, Python, C

AI & ML: Artificial Intelligence, Machine Learning, Deep Learning

Generative AI: Large Language Models (LLMs)

Core Areas: Data Structures & Algorithms, Object-Oriented Programming, Problem Solving

PROJECTS

QA Chatbot

- Tech Stack: Python, Hugging Face Transformers, Ollama
- Developed an AI-powered Question Answering (QA) chatbot to provide accurate and context-aware responses to user queries.
- Integrated Hugging Face models and Ollama to support natural language processing and locally running large language models (LLMs).
- Designed an interactive chatbot interface for seamless user interaction and real-time responses.

WORK EXPERIENCE

Web Developer Intern at Apex Planet Solutions

- Designed and developed responsive web applications using HTML, CSS, JavaScript.
- Built reusable UI components and optimized performance for better user experience.

SmartBridge Educational Services Pvt.Ltd.

AiMl Engineering Intern **June 2026-July 2026**

- Certified AI/ML Engineering Intern following a rigorous 120-hour program with SmartBridge and APSCHE, skilled in translating theoretical machine learning concepts into practical technical solutions.

ACHIEVEMENTS & CERTIFICATIONS

- **2nd Place Winner:** Nasscom GenAI Hackathon
- **Certifications:** SAP Certified - Back-End Developer (ABAP Cloud), Deep Learning (NPTEL), AI-ML (AWS / SmartBridge + APSCHE), Python Full Stack Development
